Hitchin Boys School are committed to providing the best learning experience for our students, and preparing them for the wider world outside of school. We strongly believe that this means providing pupils with access to technology.

We want to provide each and every pupil with their own personalised learning device which they can use at school and at home. We know that for parents, making an investment in technology isn't always possible. If the technology is available at home, it may not be suitable to bring it into school, in case of issues with security and compatibility.

In order to provide seamless access to technology, we have partnered with Freedom Tech to launch the Tech 4 Learners 1:1 device programme.

About Tech 4 Learners

Tech 4 Learners is a 1:1 parental contribution programme for schools run by financial solutions provider and educational specialists Freedom Tech, enabling us to give our students access to technology that will greatly enhance their learning experience.

Freedom Tech have a strong background in education and partner with leading manufacturers and resellers in education technology. They are financially stable and wholly owned by CSI Leasing, one of the world's largest leasing companies with over \$1.6 billion in assets.

“We want to provide each and every pupil with their own personalised learning device which they can use at school

How it works

Parents will make fixed monthly payments to access the technology. There is also an option to pay in full if this is preferred.

For parents and students, Tech 4 Learners offers:

- The latest technology for pupils: a personalised learning device they can use at school and at home
- Enhanced learning outcomes through consistent access to technology and powerful learning resources
- Fully insured technology - each device is protected in the event of accidental damage or theft, for the duration of the programme
- The ability to pay for the latest technology in manageable monthly payments
- No personal credit checks - get up and running and contributing
- The device is yours at the end of programme at no extra cost

The device Option 1

Acer Chromebook 314 C933 - Celeron N4000, 4GB RAM, 32GB eMMC TOUCHSCREEN

Designed for portable convenience, this Chromebook™ is smaller than a sheet of A4 paper and weighs just around 1 kg. Slide it in to small bags and take it out when you need it.

The large 14" narrow 7.3mm display of the Acer Chromebook 314 is ideal for greater productivity. With a long battery life, a fast Intel® CPU and fast Wi-Fi 5 (802.11ac) connection it gets users online in an instant.

Low power usage and responsive software are provided by the latest Intel® processor. The extra performance makes highly graphical classroom projects run smoother so tasks are performed quicker.

Coming certified for impact resistance (MIL-STD 810G), this Acer Chromebook additionally features a shock absorbent bumper design which further protects its components from moderate falls.

How technology helps students learn

Having their own learning device helps students of our school get seamless access to lesson resources which are designed to make the most of technology. Being competent with technology is becoming increasingly important in the wider world and we want to ensure students are as prepared as possible for a digital society. There have been numerous studies that suggest more positive outcomes for students when they are given frequent and consistent access to technology.

Payment breakdown

12 Months	£44.03/ month
24 Months	£23.47/ month
36 months	£16.60/ month
<i>Terms available with no credit check</i>	
Cash option	£499.19

See Portal for full device specification and what is included

Username: **HitchinB21**

Password: **S3cure02!**

If you are experiencing any difficulty logging in, please contact **Freedom Tech on 0203 857 5630**

Key dates

Ordering deadline: 11th July 2021

First direct debit payment taken: 25th July 2021

Devices distributed to students: At the start of the September term 2021

The device Option 2

Acer Chromebook Spin 512 R852T-C0E1, Intel Celeron N4020, 4GB RAM, 32GB eMMC .

With a 3:2 aspect ratio display there's more vertical screen space to read information on the 10-point multi-touch HD+ screen. Viewing websites and documents now need less scrolling. With 18% more vertical height than regular 16:9 displays there's greater length to read on.

Low power usage and responsive software is provided by the latest Intel® processor. The extra performance makes highly graphical classroom projects run smoother so tasks are performed quicker.

The Military Standard (MIL-STD 810G) tested, impact-resistant body stands up to daily wear and tear. It can take a 60kg weight, the shock absorbent bumper and reinforced design protect components and it can survive drops from 122cm. The unique drainage design means 330ml of liquid can be spilled over the keyboard.
